Introduction

Greetings Brothers,

As the new Rho, it gives me great pleasure to be sending out the first newsletter from this year's High Zeta. I hope everyone had a great Thanksgiving and enjoyed time with friends and family. We are excited about this upcoming year and the big plans we have for Lambda Chi. Some things you can expect to find in the newsletters are updates on the Chapter such as philanthropy and house renovations, as well as upcoming opportunities for Alumni. In future newsletters, a section called Job Seekers will list our nearly graduated brothers looking for a job or internship with their specific field.

Philanthropy

Feeding Families

In recognition of the Thanksgiving season, each IFC fraternities paired up with an under privileged family and met them at Wal-Mart to grocery shop. Three Lambda Chi's got to spend an hour or so going through the store, getting to know this family and their children, and help provide them with a Thanksgiving they may not have been able to have otherwise. It was great to see all the fraternities on campus come together and help give back to the Fayetteville community.

House Renovation Progress

The High Zeta as well as a few other members had the privilege of taking a tour of the house and checking out how the progress is coming. This was very exciting to see, and there are a lot of great things in the works. There is heating and cooling system already in place, and we have an addition coming along on the North side of the house. The addition is an interior elevator that goes from the first to the third floor. There will also be a bridge from the North parking lot allowing access to the house onto the second floor. We are very excited to see it continue to progress and get updated. The house is on pace to finish on time, and be available to be lived in for next school year.
